DISTRIBUTION POLICY

CA1
DA8
-P72

Address orders and enquiries to:

Information Services,
Agriculture Canada,
Ottawa, K1A 0C7

When ordering, please give the full title and the publication number when this is listed. Allow for a 4 to 6 week delivery time.

SAVE ENERGY—PLEASE ORDER ONLY WHAT YOU NEED.

FREE PUBLICATIONS

Individuals may obtain a maximum of 10 publications per year free of charge.

School librarians, groups and associations in Canada may obtain a maximum of 100 publications per year free of charge. Student publications 'What You Should Know About . . .' and 'Pictures' can be obtained in reasonable quantities; all requests must be on school letterhead.

Canadian groups and associations related to agriculture and food (marketing boards, agricultural societies, breeders' associations, etc.) may obtain a maximum of 1000 promotional leaflets, supplies permitting.

Provincial governments, Canadian universities and colleges that maintain extension services related to agriculture and food may obtain a reasonable supply for redistribution within their provinces.

Quantities beyond the abovementioned limits may be purchased at cost; please write for prices.

For meetings and exhibits, we will supply appropriate publications for display purposes only, accompanied by a quantity of order forms for individual use.

PRICED PUBLICATIONS

Priced publications must be ordered from:

Supply and Services Canada,
Publishing Centre, Mail Order Services,
Ottawa, Ontario.
K1A 0S9

Make cheques and money orders payable to the Receiver General for Canada. Do not send cash or stamps in the mail.

NOTE TO PRESS, RADIO AND TELEVISION

You are welcome to publicize our publications, but first check with us to make sure the information is current and our supplies are adequate.

ADDITIONAL INFORMATION

Contact provincial departments of agriculture (or local agricultural representatives) for the following information:

- Building plans prepared by the Canada Plan Service.
- Pesticide spray calendars and other information on using pesticides.
- Soil tests and soil maps.
